

STATE PLAN FOR INDEPENDENT LIVING (SPIL)

Rehabilitation Act of 1973, as Amended, Chapter 1, Title

VII

SUBCHAPTER B - INDEPENDENT LIVING SERVICES

Subchapter C - Centers for Independent Living

State: West Virginia

FISCAL YEARS: 2021-2023

Effective Date: October 1, 2020

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number (OMB 0985-0044). Public reporting burden for this collection of information is estimated to average 240 hours per response, including time for gathering and maintaining the data needed and completing and reviewing the collection of information. The obligation to respond to this collection is required to receive financial assistance (Title VII of the Rehabilitation Act of 1973, as amended).

Executive Summary

The new mission statement for the IL Network in West Virginia is *“To ensure all West Virginians have access to CILs and IL Services.”* In keeping with that mission, the 2021-2023 State Plan for Independent Living is focused on the maintenance and expansion of the CIL (Center for Independent Living) network. A detailed design for a statewide network of CILs, including a map of service areas for statewide coverage, has been crafted to ensure not only statewide coverage but also reasonable service areas for CILs that eliminate unserved and underserved areas and provide ready access to each CIL for individuals with disabilities throughout the service area. In order to achieve full implementation of the design for a statewide network of CILs, several objectives have been established that focus on:

- Increased awareness of CILs and what they do
- Increased sense of value of CILs
- Increased opportunities for input and feedback
- Advocacy to increase resources to implement the design

Efforts to accomplish these will be directed at people with disabilities, the public, and policymakers and will be achieved in several ways including:

- Increased awareness of CILs and what they do:
 - Development of an “IL brand” that distinguishes CILs from other entities that have co-opted the term “independent living” and that clarifies that CILs are not places people with disabilities live.
 - Maximizing opportunities to educate using an exhibit/display about CILs, a video about CILs and IL Services, listening sessions, a public forum during the legislative session each year, and a summit.
- Increased sense of value of CILs:
 - Increase awareness of CIL services and activities.
 - Gathering personal stories of individuals with disabilities that receive services from CILs, demonstrating the impact and value of CILs.
 - Development of a video about CILs and services showing the difference made in the lives of CIL consumers.
 - A Return On Investment (ROI) study demonstrating the value of CILs.
- Increased opportunities for input and feedback:
 - Providing opportunities for input and feedback using: Facebook, Survey Monkey, public forums, consumer satisfaction surveys, a summit, and outreach activities in targeted areas for new CILs.
- Advocacy to increase resources to implement the design
 - Increased outreach in target areas for new CILs to identify and develop leaders to organize grassroots support, support development of and serve on new CIL boards.
 - Establishment of an annual IL Day at the Capitol to educate policymakers on the value of CILs.
 - Educate interested groups about how to start a new CIL and what is required by state and federal law.

The 2021-2023 State Plan for Independent Living also includes:

- A chart of services currently being provided by the existing CILs as well as a description of their service areas.
- A financial plan showing current resources and their uses and a chart with detailed uses of the federal and state funds governed by this plan.
- An outreach plan detailing activities to be implemented to reach out both statewide and targeting priority areas for a new CIL.
- A detailed evaluation plan to monitor, review and evaluate the implementation of this plan.

The Statewide Independent Living Council (SILC), Centers for Independent Living, and the Designated State Entity (WV Division of Rehabilitation Services) will continue to work closely with each other to coordinate efforts to maximize resources to support community life for people with disabilities. Many entities are represented on the SILC, which provides opportunities for coordination and the SILC participates in many collaborations at the state level, taking every opportunity to ensure CILs are maximized and the IL philosophy is infused.

The back sections of the plan focus on legal assurances and authorities as well as the signatures of the SILC Chairperson and the Director of the Designated State Entity agreeing to comply with them.

The last section includes the signatures of the SILC Chairperson and the CIL Directors agreeing to the content of the plan and authorizing its submission to the Administration for Community Living, US Department of Health and Human Services.

It is not anticipated that all the goals and objectives can be achieved in the three years covered by this plan. But public input over many years has demonstrated that individuals who have access to a CIL value it greatly and that individuals who do not have access to a CIL decidedly want a CIL in their area. Therefore, the partners represented on the SPIL Team which wrote this plan and include the SILC, all of the CILs and the DSE, made the conscious decision to focus the plan on building that network. These efforts will be continued until every individual with a disability in West Virginia has access to a CIL and all the services the CILs provide.

1.4 Evaluation

Methods and processes the SILC will use to evaluate the effectiveness of the SPIL including timelines and evaluation of satisfaction of individuals with disabilities.

The monitoring of the effectiveness of the State Plan's objectives' accomplishments is the responsibility of the Administrative Team of the WVSILC. The evaluation plan for this SPIL is detailed in the table below. The information to be gathered on each goal and corresponding objectives includes the data to be collected, the method of collecting the data, the indicators of progress and/or accomplishments, the organizations assigned to each objective and the estimated timeline for each objective. The CILs and SILC staff will prepare quarterly reports on progress made on SPIL objectives. The SILC Administrative Committee will prepare quarterly report on progress made in implementing the SPIL Evaluation Plan.

In addition, during the first year of the SPIL WVCIL members will provide the WVSILC with names and contact information of open and closed CSR's for the reporting period. WVSILC will mail postcards with 3-4 questions and compile the answers for the centers as well as for members of the SILC.

During the second year of the SPIL, a Return On Investment (ROI) Study of the CILs will be conducted using PPR data and consumer stories gathered during the first two year.

During the third year of the SPIL, the WVSILC, the WVDRS, and the WVCIL's will conduct a joint statewide consumer satisfaction survey. The survey will include all open and closed CSR's during the evaluation period, as well as a random sampling of consumers with significant disabilities still working on their goals at the center. The survey compilation is conducted by an outside consultant who has worked on independent living data collection and surveys for numerous years during her tenure at West Virginia University.

The amount listed in Chapter 1, Part B above, \$376,352, includes the federal appropriation of \$338,717 and the corresponding cash State Match of \$37,635. Any increases in Part B funds will result in corresponding State Match increases. As a result, State funds listed for IL Services will be reduced to accommodate the match.

The State appropriation for Independent Living Services (currently at \$429,418) provides state match for Part B funds (currently \$37,635) and funding for the Community Living Services Program (CLSP) to provide home and vehicle modifications, ramps, lifts, and equipment to enable individuals with significant disabilities to remain in their own homes (using the balance of the funds – currently \$391,783).

The additional State funds listed in the Table 1.5 is \$333,828, appropriated to the DSE for the Ron Yost Personal Assistance Services Program (RYPAS). RYPAS is a state, consumer-controlled personal assistance program providing reimbursements to eligible individuals with disabilities to hire a personal assistant(s) or purchase personal assistance services.

2.2 Outreach

Identify steps to be taken regarding outreach to populations that are unserved or underserved by programs that are funded under Title VII, including minority groups and urban and rural populations.

The following definitions are established with regard to CIL services:

Served – Service area and population of individuals with disabilities have full access to a CIL.

Unserved – No part of the area is served by a CIL.

Underserved – Area is part of the service area of a CIL but individuals with disabilities do not have ready access to the CIL due to the size of the service area.

The CILs served individuals, according to the FY 2019 PPRs, in the following proportions based on race/ethnicity: total served 1,082; total known minorities served 106 or 9.79%; total served race known 616; total minorities served 106 or 17.20%. The 2017 American FactFinder of the US Census Bureau indicates that the minority population in West Virginia totals 6.9% of the total population. While the CILs are serving and exceeding a proportional number of individuals with disabilities from minority populations, outreach efforts will continue to target those populations.

Outreach will be conducted statewide but will also target counties in new CIL priority areas and may include:

- E-mail blasts – including organizations in unserved and underserved areas as well as organizations serving minority populations
- Identifying individuals will to work with the Legislature to secure additional funding for IL Services and for CIL operations
- Fostering individuals to serve on a new CIL board and to talk to policymakers about the need for a new CIL in their area and the funding needed
- Update the general CIL display and use at various events in target areas
- Conduct an “IL Day” at the Legislature

West Virginia does not have any areas that meet the definition of “urban”. All statewide outreach will include rural areas.

2.3 Coordination

Plans for coordination of services and cooperation among programs and organizations that support community life for persons with disabilities.

Coordination activities will continue to ensure support for integration and full inclusion of individuals with disabilities in community life. The SILC and the CILs will continue efforts to coordinate services, emergency response, and advocacy through memberships and collaborations with the following:

- Olmstead Council
- Take Me Home, WV Advisory Council (Money Follows the Person project)
- FEMA Partners
- Access & Functional Needs Work Group (for disaster planning & response)
- ADRN Advisory Council
- WV ABLE Advisory Council
- Ron Yost Personal Assistance Services Board

- WV Medicaid Coalition
- Fair Shake Network
- People First
- Division of Rehabilitation Services Consumer Affairs Committees
- Division of Rehabilitation Services Executive Management Group meetings
- National Council on Independent Living

SILC Ex-Officio memberships also provide opportunities for collaboration and include:

- DSE – Division of Rehabilitation Services
- Bureau for Behavioral Health
- Bureau of Senior Services
- Housing Development Fund
- Office of Special Education
- Olmstead Coordinator
- WV Association of Rehabilitation Facilities

Section 3: Network of Centers

3.1 Existing Centers

Current Centers for Independent Living including: legal name; geographic area and counties served; and source(s) of funding. Oversight process, by source of funds (e.g., subchapter B, subchapter C, state funds, etc.) and oversight entity.

Three non-profit corporations receive three Part C grants to operate West Virginia's four centers for independent living:

- 1 - Appalachian CIL (SPIL signatory) - Charleston, WV serving Clay, Boone, Kanawha, and Putnam counties

Elk Office Center, Suite C
 4710 Chimney Drive
 Charleston, WV 25302
 (304) 965-0376
<http://www.acilinc.com>

- 2 & 3 - Mountain State CILs (SPIL signatory)
 (funded by RSA, through two separate grants, as two separate CILs prior to the 1992 amendments to the Rehab Act when RSA recommended collapsing both into one grant)

Huntington, WV serving Cabell and Wayne counties
 821 Fourth Avenue
 Huntington, WV 25701
 (304) 525-3325

Beckley, WV serving Raleigh County
329 Prince Street
Beckley, WV 25801

- 4 - Northern West Virginia CIL (SPIL signatory) - Morgantown, WV serving Barbour, Braxton, Doddridge, Gilmer, Harrison, Lewis, Marion, Monongalia, Preston, Randolph, Taylor, Tucker, and Upshur counties

601-603 East Brockway, Suite A & B
Morgantown, WV 26501
(304) 296-6091
and
109 Randolph Avenue
Elkins, WV 26241
(304)636-0143
www.nwvcil.org

The remaining 35 counties do not have access to full CIL services.

A web-based, virtual center for independent living has been developed with availability statewide and on the world wide web.

WVCIL divided up the unserved counties between the four CILs to provide the statewide CLSP and, with some modifications, will use this division of counties for the expansion of other independent living programs.

PART C - Five Core Services Counties:

Barbour, Boone, Braxton, Cabell, Clay, Doddridge, Gilmer, Harrison, Kanawha, Lewis, Marion, Monongalia, Preston, Putnam, Randolph, Raleigh, Taylor, Tucker, Upshur, and Wayne

PART B funding is used for the provision of independent living services through contracts with all four CILs and is occasionally used to provide services to individuals with disabilities in counties not served with Part C funds upon request.

STATE IL SERVICES FUNDING is used to provide the Community Living Service Program (CLSP) statewide through contracts (with the three non-profits) for all four CILs.

Counties Unserved with exception of CLSP:

Berkeley, Brooke, Calhoun, Fayette, Grant, Greenbrier, Hampshire, Hancock, Hardy, Jackson, Jefferson, Lincoln, Logan, Marshall, Mason, McDowell, Mercer, Mineral, Mingo, Monroe, Morgan, Nicholas, Ohio, Pendleton, Pleasants,

Pocahontas, Ritchie, Roane, Summers, Tyler, Webster, Wetzel, Wirt, Wood, and Wyoming.

3.2 Expansion and Adjustment of Network

Plan and priorities for use of funds, by funding source, including Subchapter B funds, Subchapter C funds, State funds, and other funds, whether current, increased, or one-time funding and methodology for distribution of funds. Use of funds to build capacity of existing Centers, establish new Centers, and/or increase statewideness of Network.

The establishment of a statewide network of CILs is a priority of WVSILC, the WV CILs, and the disability community to ensure the availability of CIL services to all West Virginians with disabilities.

Three funding sources currently support the provision of independent living services in the State: Title VII, Part C; Title VII, Part B; and state independent living funds. The following design for a statewide network of CILs is addressed by funding source and flexibility is planned as changes/increases in these funding sources occur.

Priorities for the utilization of new Title VII, Part C funding for West Virginia are:

Priority 1.

Increase Title VII, Part C funding for the current centers for independent living meeting the Federal standards and indicators for CILs to achieve the established minimum funding level in order to sustain current operations, given the increased costs of operating since the CILs were originally funded, and to build the capacity of those CILs. New Part C funds shall be distributed commiserate with the percentages listed below, to increase the CIL Part C grants by the following amounts (until the identified increase amount and established minimum funding level are achieved):

- Appalachian CIL – currently \$208,974 – increase by \$241,026 to reach \$450,000 (21.4593% of all new Part C funding available until the established minimum level is reached)
- Mountain State CILs – currently \$527,893 (to operate 2 CILs) – increase by \$372,107 to reach \$450,000 per CIL (54.2087% of new Part C funding available until the established minimum funding level is reached)
- Northern WV CIL – currently \$236,947 – increase by \$213,053 to reach \$450,000 (24.3318% of new Part C funding available until the minimum funding level is reached)

This will require \$826,186 additional Part C funds for the existing CILs. In order to grow the network, while working to reach the minimum funding level for the existing CILs, the SILC and CILs have agreed that when the Part C appropriation provides an increase of \$400,000 or more, \$200,000 of those funds will be used to start a new CIL in the next priority area and the remainder of the funds will be distributed to existing CILs using the percentages detailed above. State funding appropriated for the general operations of CILs at \$200,000 or more will also be used to start new CILs. As new CILs are established, they will be added to that distribution and the

percentages will be adjusted accordingly until all have reached the minimum funding level of \$450,000.

Priorities for establishing new CILs, accounting for the unreasonable size of the Northern West Virginia CIL's service area and allowing NWVCIL to spin off counties for new CILs, are:

Priority 2:

Spin off the following counties from NWVCIL service area to establish a new CIL: Barbour, Randolph, Tucker, and Upshur.

Then spin off the following counties from NWVCIL service area to establish an additional new CIL: Braxton, Gilmer, Harrison, and Lewis.

This will result in the remaining NWVCIL service area including Marion, Monongalia, Preston, and Taylor counties.

Priority 3:

Establish a new CIL serving the following counties: Brooke, Hancock, Marshall, Ohio, and Wetzel counties.

Priority 4:

Establish a new CIL serving the following counties: Greenbrier, Nicholas, Pocahontas, and Webster counties.

Priority 5:

Mountain State CILs add Lincoln County to the Huntington service area and add Fayette County to the Beckley service area.

Priority 6:

As additional funding (Part C, Part B, and/or State IL funds for the general operation of CILs) becomes available, establish new CILs serving the following counties:

- Mercer, Monroe, and Summers counties;
- Doddridge, Pleasants, Ritchie, Tyler, Wirt, and Wood counties;
- Berkeley, Jefferson, and Morgan counties;
- Calhoun, Jackson, Mason, and Roane counties;
- McDowell, Mingo, Logan, and Wyoming counties; and
- Grant, Hampshire, Hardy, Mineral, and Pendleton counties.

Minimum funding level for a Center and formula/plan for distribution of funds to bring each Center to the minimum. Exceptions must be explained with sufficient detail.

\$450,000 is the established minimum funding level for a CIL in West Virginia excepting that following the details in Priority 1, when an increase in excess of \$400,000 is appropriated, a new CIL may be started with \$200,000.

Action/process for distribution of funds relinquished or removed from a Center and/or if a Center closes.

Part C funds removed from, or relinquished by, an existing CIL shall be used to start a new CIL in the existing service area. If this occurs too late in the fiscal year to complete the RFP and granting process, the remaining Part C funds will be distributed to the remaining CILs based on the percentages in Priority 1 to be used to maintain and/or increase the capacity of the CILs for the remainder of that fiscal year with the RFP process begun for the subsequent fiscal year to establish a new CIL.

Plan/formula for adjusting distribution of funds when cut/reduced.

Any reduction in Part C funding will be absorbed by the existing CILs following the percentages in Priority 1.

Plan for changes to Center service areas and/or funding levels to accommodate expansion and/or adjustment of the Network.

Planned CIL service area changes are detailed in Priority 2. Any additional changes to CIL service areas will be detailed and agreed upon by the SILC and CILs in a SPIL amendment.

Plan for one-time funding and/or temporary changes to Center service areas and/or funding levels.

Any one-time funding will be distributed to the existing CIL network following the percentages in Priority 1 to be used to maintain and/or increase the capacity of the CILs. Temporary changes to CIL service area(s) and/or funding levels would be detailed and agreed upon by the SILC and CILs in a SPIL amendment.

The West Virginia Division of Rehabilitation Services (WVDRS) is the Designated State Unit for administration of the West Virginia State Plan for Vocational Rehabilitation Services under the Rehabilitation Act of 1973, as amended (hereinafter “the Act”). Upon request by the other parties, WVDRS has agreed to serve as Designated State Entity (DSE) for the State Independent Living Services program as provided by the West Virginia State Plan for Independent Living (SPIL) under the Act. In carrying out its duties and functions as the DSE, WVDRS assures that it will receive, account for, and disburse funds received by the State under Title VII, Part B of the Act in accordance with the approved SPIL. WVDRS also receives and disperses State funds appropriated for Independent Living (IL) Services and for Ron Yost Personal Assistance Services funds. The process for ensuring that funds are received and dispersed to the Centers for Independent Living (CILs), and/or the Statewide Independent Living Council (SILC), in a timely fashion include:

1. WVDRS employs a rehabilitation program specialist who serves as the liaison to the CILs and the SILC and rehabilitation services specialist who assists with coordination
2. The rehabilitation program specialist and rehabilitation services specialist work to complete the grants and contracts for both the VII B funds and State IL funds months in advance as they must go through several layers of approval including review and approval by the DSE Director, the State Secretary of Commerce, and the Governor’s Office then through the procurement process
3. The CILs and the SILC are funded via a quarterly schedule of payments
4. The CILs and the SILC submit invoices at the beginning of each quarter

4.3 Oversight Process for Subchapter B Funds

The oversight process to be followed by the DSE.

The DSE has a designated Program Specialist to work with the WVCILs to discuss expenditures, program needs, and planning. The Program Specialist is also the designated liaison for the SILC and for independent living.

The DSE continuously monitors, evaluates, and reviews funds and CIL activity through reports on Part B and State IL grants and via participation in WVCIL meetings. The DSE also participates in SPIL progress reviews by having an active member on the Administrative Committee of the SILC. Associations are firm between the directors of the CILs which receive grants under Title VII, Part C and are fostered by the informal association of CILs – the West Virginia Centers for Independent Living, which the DSE liaison participates in as well. The DSE receives quarterly reports on expenditures of Part B funds and State IL funds. These reports are shared with the SILC Executive Director. Permanent records are kept at the DSE Administrative Offices of all reports, meetings, and other required paperwork.

The process of oversight of funds by the DSE includes:

1. Reviewing quarterly written and expenditure reports from each CIL
2. Reviewing financial reports
3. Reviewing annual reports
4. Reviewing independent audits
5. Reviewing schedule of Net Assets
6. Reviewing budget worksheets

4.4 Administration and Staffing

Administrative and staffing support provided by the DSE.

The DSE provides no staff support to the SILC. The SILC Resource Plan includes personnel costs as well as on-going expenses such as rent, utilities, telephones, Internet service, etc. The DSE will continue to provide technical assistance as needed and to host the SILC website. The DSE will not retain any Part B funds for administrative costs.

4.5 State Imposed Requirements

State-imposed requirements contained in the provisions of this SPIL including: (45 CFR 1329.17(g))

- State law, regulation, rule, or policy relating to the DSE's administration or operation of IL programs

WV State Code, Chapter 18 Article 10M, the WV Independent Living Act, requires funding appropriated for Independent Living Services to be administered by the DSE and to be included in a line item in the DSE's section of the budget. Funding is to be distributed by the DSE as directed by

the State Plan for Independent Living required by the federal Rehabilitation Act.

- Rule or policy implementing any Federal law, regulation, or guideline that is beyond what would be required to comply with 45 CFR 1329

Section 5: Statewide Independent Living Council (SILC)

5.1 Establishment of SILC

How the SILC is established and SILC autonomy is assured.

The West Virginia SILC is incorporated as a non-profit (1996), has received 501(c)(3) status from the Internal Revenue Service (1997) and is independent of all state agencies, including the DSE. The WVSILC was established in State Code (§18-10M) in 2001, designating the SILC is West Virginia, as it heretofore existed under the federal rehabilitation act, as a non-for-profit corporation, and organized to meet the requirements of the federal act.

5.2 Resource plan

Resources (including necessary and sufficient funding, staff/administrative support, and in-kind), by funding source and amount, for SILC to fulfill all duties and authorities.

The WVSILC resource plan includes:

- \$228,900 Title I, I&E funds, minimum. The WVSILC resource plan will be re-evaluated each fiscal year to ensure this amount is adequate, necessary, and sufficient for the accomplishment of the SILC's duties and authorities.

- Any interest earned on the above funding will be budgeted and spent by the WVSILC.

Process used to develop the Resource Plan.

The SILC executive director and the DSE director negotiated the amount of the resource plan. The SILC executive director provided current expenses and projected increases to demonstrate the amount of resources "necessary & sufficient" for the SILC to carry out its duties and authorities.

SILC Authorities:

The WVSILC intends to conduct activities under the new authorities provided for in the Act as follows:

- Conduct advocacy activities to ensure state policies and services are in place which ensure all West Virginians are valued equally and participate fully in their communities.
- Develop and implement a resource development plan to support the activities of the SILC.
- Collaborate with the CILs on resource development to expand capacity of current CILs and to establish new CILs.
- Conduct leadership development activities for current and potential SILC members and/or potential CIL board members.
- Conduct outreach to and leadership development activities for youth with disabilities.
- Educate SILC members and staff on topics determined by the executive committee which may include new federal guidance, FAQs, and regulations as well as other topics of interest.
- Conduct research to gather data on the return on investment and the economic impact of CILs.

Process for disbursement of funds to facilitate effective operations of SILC.

Funding for the SILC Resource Plan will be processed in accordance with a contract including quarterly schedule of advance payments. Some delays in processing payments may occur and the DSE will diligently address issues to facilitate payments, including hand-carrying invoices through the process if needed.

No conditions or requirements will be included in the SILC Resource Plan or contract that compromise the independence and autonomy of the SILC.

5.3 Maintenance of SILC

How State will maintain SILC over the course of the SPIL.¹

The State will continue to maintain the SILC as it has done in the past. The DSE will continue to provide I&E funding and support to ensure the SILC is operating and maintained over the course of the SPIL. The SILC will continue to develop its own budget and will operate with autonomy to fulfill the duties and elected authorities.

Appointments to the SILC will continue to be made annually by the Governor, from nominations provided by the SILC. The SILC will continue to solicit applications statewide, review all applications received considering experience & expertise, un- and under-represented areas of the state, and diversity. Nominations will be selected, ensuring the maintenance of a majority of people with disabilities not employed by a CIL or state agency, and approved by the full SILC. Nominations and supporting documents will continue to be reviewed with the Director of the DSE, as a courtesy, and then delivered to and reviewed with staff in the Governor’s Office responsible for processing appointments. SILC staff will continue to maintain records of appointments and term limits and periodically review them with the Governor’s staff to ensure term records match and term limits are enforced. The SILC Chair is elected annually by the voting members of the Council, from among the voting members of the Council. A Chair may serve two one-year terms consecutively. SILC vacancies are filled by individuals nominated, and appointed, to serve the remainder of the vacant term.
